D1200 Diamond Tips

100 - 1200 µL

New slender and long tip geometry prevents the tip holder from coming in contact with wells and tubes.

Designed for use even in long and narrow tubes.

Graduations at 100 µL and 1000 µL make it easy to visually check the volume pipetted.

Specially designed for Gilson Pipetman Concept C1200. Compatible with Pipetman P1000 - PN1000 and Pipetman Ultra U1000.
